Dharma Talk By Grand Master Before Transmitting The Kurukulla Empowerment

2009-01-01

Happy New Year. Everyone.

This Kurukulla Goddess is belong to one of the red deity. That's because her whole body is red in colour, and her seed syllable is "chu li" is also the Amitabha seed syllable and Amitabha itself is also red in color. Kurukulla mainly emphasize in respect and loving. It's a personal deity that confers great respect and loving.

Vajra Master Thubten Dargye personal deity is Kurukulla. As I mention last time, Master Thubten Dargye personal deity is Kurukulla, but not many student take refuge. The student that really under him is approximately few hundred of them. He is exquisite, very exquisite, means he's diligent. His students are all specially chosen. "As he's personal deity is Kurukulla, but why he have a few hundred of them only?" "But Master Thubten Dargye, said, "Because, if only Master Lu, Sheng-Yen Lu alone take refuge under me, is equivalent to five million of student taking refuge. (loud applause from the audience)

Many people cultivate in Kurukulla, why? Because once you achieve union with Kurukulla, you can be born in the Pure Land of his Western Paradise as Kurukulla seed syllable is the same as Amitabha. If you're in the human world, you will be some one great, be famous and achieve the highest status. There will be many sentient being follow and support you. (audience applause)

Looking at the famous, in fact, there's no big deal in it. Looking at those famous, like Michael Jordan, the Taiwan singer or celebrity they actually look quite similar to all of you. There's nothing unique in them. As I mention in the past, like Jay Chou, his hair covering halve of his face (Grand Master and audience laugh) look like very cool ... actually when you take a clear look on his eye brow, eyes, nose, mouth, indeed there are nothing unique in it. But look at Patty Hou, she's really fond of him. (audience laugh). There are also many of them, if only they shove their hair, many girls (fans) will scream and fainted. (audience laugh). "Why is that so?" "They cultivated Kurukulla in their past lives." Look at those people in the highest status, if only you cultivate kurukulla and achieve union with the deity in this human world, you will achieve the highest rank of all. Like the ex-president in America, Mr. Clinton, according to Living Buddha Gongtangnag told me, in fact he did practice Kurukulla in his past lives. So this deity is also very useful in human world too. If you chose not to reborn in human world, you will be able to return to the Buddhland.

The deity Kurukulla, she's holding a bow and a arrow. The arrow is utpala flower, is like a "flower arrow". If only you strike out the arrow, whoever that get strike will then give you his/her respect. If you cultivate it, every one will show respect to you. If you cultivate it, all your enemy will dissipate. If you cultivate it, every one will show great respect and loving to you. The benefit is very great.

That's all for today.  
Om Mani Padme Hum.  
(loud audience applause)
